

Community Paediatric

GP SUPPORT SERVICE

Community Paediatric Support

For GP specific clinical queries regarding:
Children 0-7 years with developmental/behavioural concerns.

To access support, please complete the Clinical Query Proforma and fax to **(02) 6933 9268** or email **MLHD-CCH@health.nsw.gov.au**

The Clinical Query Proforma can be found at **mphn.org.au/maternal-and-child**.

This is a single episode email advice service. This email inbox is checked twice weekly. This is NOT a developmental/behavioural assessment service or paediatrician clinic referral service.

This is NOT an emergency service. In case of emergency, please ring 000.

This service is for GPs only. **If no response received within 2 weeks, please contact MLHD-CCH@health.nsw.gov.au directly to ensure Clinical Query has been received.**

Community Paediatric

GP SUPPORT SERVICE

Purpose:

To provide paediatrician advice and resources for initiating early childhood screening and management of developmental/behavioural conditions in the primary care setting.

Who can refer:

This is a service for GPs in the Murrumbidgee region.

What to refer:

Short and specific clinical questions regarding children 0-7 years with developmental and/or behavioural concerns.

How to refer:

Complete the Clinical Query Proforma found at mphn.org.au/clinical-software-templates.

Email/Fax completed Proforma to MLHD-CCH@health.nsw.gov.au or (02) 6933 9268

This email inbox is checked two mornings per week - alternate Monday/Tuesday and every Wednesday.

Referral considerations:

This is a single episode email advice service.

Referrals require sufficient clinical detail and a specific clinical question.

This is not a referral for a paediatrician clinic review or a diagnostic assessment service review.

This is not an emergency service, please refer acute behavioural/psychological distress referrals to an appropriate emergency service.
