**Activity Number \***

101

**Activity Title \***

2024-25 - DA-101 - Community Managed Organisations (CMO) Enhancement

**Existing, Modified or New Activity \***

Existing

### Activity Priorities and Description

**Program Key Priority Area \***

Alcohol and Other Drugs

**Other Program Key Priority Area Description****Aim of Activity \***

To assist people who are seeking to access drug and alcohol residential rehabilitation services and to support them after discharge from rehabilitation services. This support will help to reduce the likelihood of relapse.

**Description of Activity \***

Elevator Pitch: Proactive and targeted drug and alcohol support for individuals waiting to access residential and day program rehabilitation, and appropriate and sustained support on discharge from residential and day program services rehabilitation.

**Describe the activity**

MPHN will continue to fund an AOD treatment provider to provide support and deliver brief interventions to people waiting to

access a residential rehabilitation service and improve support after discharge from the service. Appropriate and sustained support on discharge from residential and day program services is a critical extension of the necessary care continuum.

Outcome: Improvement in health outcomes, as well as reduction in substance use for people before and after drug and alcohol rehabilitation services

## Needs Assessment Priorities \*

### Needs Assessment

Murrumbidgee Primary Health Network

#### Priorities

Priority	Page reference
P9 Improve poor health literacy due to less education or lack of internet access	43
P12 Reduce ED presentations and admissions for PPH	44
AOD1 Reduction of alcohol at harmful levels and drug use specifically amphetamines and cannabis	45

## Activity Demographics

### Target Population Cohort

People with AOD issues awaiting residential rehabilitation treatment. People discharged from AOD treatment.

### In Scope AOD Treatment Type \*

List the approved treatment type/s (if applicable)

- Early intervention (including Brief Intervention)
- Counselling
- Aftercare / relapse Prevention
- Case management, care planning and coordination

### Indigenous Specific \*

No

### Indigenous Specific Comments

## Coverage

### Whole Region

Yes

AOD

**Activity Number \***

102

**Activity Title \***

2024-25 - DA-102 - Drug and Alcohol Services in headspace

**Existing, Modified or New Activity \***

Existing

### Activity Priorities and Description

**Program Key Priority Area \***

Alcohol and Other Drugs

**Other Program Key Priority Area Description****Aim of Activity \***

Aim 1: To deliver interventions to young people with AOD issues within the Griffith and Wagga headspace centres.

Aim 2: To upskill headspace centre staff to work more effectively with young people with AOD issues.

This program extension will ensure that young people who experience issues with alcohol and other drugs have treatment that is appropriate and effective for them within a youth friendly setting.

**Description of Activity \***

Elevator Pitch: Facilitate and support evidence-based tailored treatment for young people who use alcohol and other drugs and build capacity of headspace staff to work effectively with these young people.

**Describe the activity**

MPHN has commissioned specialist AOD treatment providers to provide AOD treatment services into the Wagga and Griffith headspace centres. The commissioned providers employ AOD clinicians to work as part of the team in each headspace centre. The focus of the AOD clinician is two-fold. The AOD clinicians support and supervise headspace case managers and Clinicians in providing brief interventions to young people. The AOD clinicians deliver AOD counselling services to young people who would

benefit from a higher intensity and more specialised intervention.

Outcomes:

Outcome 1: Improvement in health outcomes and a reduction in substance use for young people measured by the outcome tool ATOP, as well as other provider specific outcome measurement tools.

Outcome 2: Increased workforce capacity of headspace staff.

### Needs Assessment Priorities \*

#### Needs Assessment

Murrumbidgee Primary Health Network

#### Priorities

Priority	Page reference
P9 Improve poor health literacy due to less education or lack of internet access	43
AOD1 Reduction of alcohol at harmful levels and drug use specifically amphetamines and cannabis	45
P3 Increase specific age related services increasing life expectancy – Youth	42

## Activity Demographics

### Target Population Cohort

Young people engaging in problematic substance use.

### In Scope AOD Treatment Type \*

List the approved treatment type/s (if applicable)

- Early intervention (including Brief Intervention)
- Counselling
- Aftercare / relapse Prevention
- Case management, care planning and coordination
- Workforce Development, Capacity Building, including supporting the workforce through activities which promote joined up assessment and referral pathways, quality improvement, and evidence based treatment, and service integration.

### Activity Priorities and Description

**Program Key Priority Area \***

Alcohol and Other Drugs

**Other Program Key Priority Area Description**

**Aim of Activity \***

To increase drug and alcohol and maternal health support for women during pregnancy and /or new mothers with children up to five years of age.

**Description of Activity \***

Elevator Pitch: Provides assertive specialist AOD supports and midwifery services for pregnant women and/or women with young children, who are experiencing problems with alcohol and/or other drugs.

MPHN will continue to engage the provider to deliver multidisciplinary care for pregnant women and/or new mothers. The service provides drug and alcohol education, support and counselling within a family-based intervention framework, with a focus on positive parenting and practical parenting skill development.

Outcome: Improvement in health outcomes and reduction in substance use for pregnant women and/or women with children under the age of five years

**Needs Assessment Priorities \***

### Activity Priorities and Description

**Program Key Priority Area \***

Alcohol and Other Drugs

**Other Program Key Priority Area Description****Aim of Activity \***

This program aims to ensure that Aboriginal and Torres Strait Islander people who experience issues with alcohol and/or other drugs have support to enable them to remain engaged in either work or study.

**Description of Activity \***

Elevator Pitch: Supporting Aboriginal and Torres Strait Islander people whose substance use is impacting their ability to gain or maintain employment or participate in education.

MPHN has allocated funding to encourage partnerships with Aboriginal Community Services, and education and employment providers to implement innovative models designed to address AOD use and increase people's participation in employment or education.

Outcome: Improvement in education and employment rates for Aboriginal and Torres Strait islander people with alcohol and/or other drug issues.

**Needs Assessment Priorities \***

**Activity Title \***

2024-25 - DA-202 - Aboriginal and Torres Strait Islander Outreach services

**Existing, Modified or New Activity \***

Modified

### Activity Priorities and Description

**Program Key Priority Area \***

Alcohol and Other Drugs

**Other Program Key Priority Area Description****Aim of Activity \***

To ensure that Aboriginal and Torres Strait Islander people in outlying communities have increased access to drug and alcohol outreach services.

This activity will ensure that Aboriginal and Torres Strait Islander people who experience issues with alcohol and/or other drugs who are located in areas where service provision is lacking, have access to services through outreach programs.

**Description of Activity \***

Elevator Pitch: Work with Aboriginal Medical Services to support Aboriginal and Torres Strait Islander people who experience issues with drug and alcohol use to extend outreach services across the Murrumbidgee region.

Aboriginal Medical Services currently deliver support services for Aboriginal people experiencing issues with alcohol and/or other drugs dependencies. This funding will provide capacity to increase service delivery with outreach services to smaller and more remote communities with significant Aboriginal communities. Funding will also be available for workers to access additional training, and to facilitate pathways into other agencies related to social determinants such as education, employment, and housing.

Outcome: Improvement in health outcomes, as well as increased access to services and reduction in substance use for Aboriginal and Torres Strait islander people in outlying rural communities.

## Needs Assessment Priorities \*

### Needs Assessment

Murrumbidgee Primary Health Network

#### Priorities

Priority	Page reference
P9 Improve poor health literacy due to less education or lack of internet access	43
P12 Reduce ED presentations and admissions for PPH	44
AOD1 Reduction of alcohol at harmful levels and drug use specifically amphetamines and cannabis	45
AH2 Reduce admissions for Ab original and Torres Strait Islander people for chronic PPH including genitourinary, acute UTIs, kidney disease, digestive disease, chronic iron deficiency anaemia, acute c	41
P2 Reduction of prevalence, incidence, mortality and or morbidity and high use of services in ED or hospital for infectious and parasitic disease, including influenza	42

## Activity Demographics

### Target Population Cohort

Aboriginal and Torres Strait Islander people with substance use issues. Specific LGAs where alcohol and other drug services are limited and outreach services are required.

### In Scope AOD Treatment Type \*

- Early intervention (including Brief Intervention)
- Case Management, care planning and coordination
- Counselling
- Aftercare / relapse Prevention
- Information and Education
- Workforce Development, Capacity Building, including supporting the workforce through activities which promote joined up assessment and referral pathways, quality improvement, evidence based treatment, and service integration.
