

Cancer Institute NSW

# Health Professional Webinar

Approach to enhancing cancer screening and prevention in primary care

Monday 8th April

7:30pm – 8:30pm (AEST)

The RACGP NSW&ACT Faculty and the Cancer Institute NSW are partnering in a free, one-hour webinar to educate health service delivery teams (General Practitioners, practice nurses, practice managers and administration staff) on how to locally tailor and enhance cancer prevention and support participation in the national cancer screening programs. The Institute's [Primary Care Cancer Control Quality Improvement Toolkit](#) supports identification of at-risk patients and provides practical strategies for cancer focused quality improvement.

## Speakers

**Associate Professor Joel Rhee**

*Chair of RACGP Specific Interests Cancer and Palliative Care*

**Associate Professor Carolyn Ee**

*Survivorship Specialist, Supportive Care & Integrative Oncology Specialist GP, Chris O'Brien Lifehouse*

**Professor Tracey O'Brien**

*Chief Cancer Officer and Chief Executive Officer, Cancer Institute NSW*
